

5th and 6th Grade Fishing Trip to Rock Lake, Lake Mills, WI

In order to work around the weather forecast and play practice schedule we have chosen **Tuesday, May 14th** as the day to go fishing!

On Tuesday, May 14 the students in grades 5-6 will be going to Rock Lake in Lake Mills to do some fishing.

We will be fishing from the north end of Rock Lake at Tyranena Park.

We will be leaving from school between 9:45-10:00 a.m. and will be returning to school in the afternoon.

We will eat lunch at the park. I will provide hotdogs and chips for lunch. Students may bring their own bag lunch if they wish. Everyone should bring along their own drinks for the day.

If each student could bring their own fishing pole it would be very helpful. I will bring a few extra poles for students to use. I will also have extra hooks and sinkers for those casts that don't make it into the lake.

I have also been asking each student to collect worms to serve as bait. Small trout worms or angle worms work great at this time of year.

If a few parents could help drive for this event it would be appreciated. You do not need to stay for the event unless you want to watch or fish. (Don't forget you will need a license.)

Please give me a call at 262-749-0214 or email me at plemke@sjlwels.org if you are able to help us out and make this trip a success.
